

Adapting the Cutting Instructions if Using the “No Waste Flying Geese Method

Fabric 1 – Light

Instead of cutting (3) 2-3/4” x WOF strips and sub-cutting into (16) 2-3/4” x 5” rectangles.....

Cut (4) 6-1/4” squares (5”+ 1-1/4”)

Fabric 5 – light purple

Instead of cutting (32) 2-3/4” fabric 5 squares, cut (16) 3-3/8” squares.

TRIM THE FLYING GEESE TO 2-3/4” X 5” AS CALLED FOR IN THE PATTERN. Not to 2-1/2” x 5” which is the size used in making the flying geese.

PLEASE NOTE: The change in the height dimension is only made in this pattern because the height is not half that of the width of the FG.
